

Packing List & Instructions

SPAIN: CULTURAL DISCOVERY

The weather in Spain in the summer tends to be quite hot (90–100 degrees Fahrenheit), so please pack light, breathable clothing. Quick-drying materials are the easiest to care for.

You will be responsible for carrying your own luggage. *The most important packing advice is to **pack lightly**— whether you pack in a duffel bag, a suitcase, or a large backpack, you should be able to carry (not roll) your luggage up two flights of stairs and across the length of a football field.* When determining what luggage is appropriate, it is important to consider the program itinerary and group activities. Travel between cities is often by train or private bus. Whatever luggage you bring, you'll you will need to be able to get it on and off yourself, including up and down aisles, and into overhead storage.

The list on the following page has been suggested by past participants and leaders. You will have opportunities to do laundry while on the program, oftentimes during your homestay. Even though your program may be three or four weeks, pack for about a week. Even though we provide a comprehensive packing list, it is good practice to research the temperature and climate of your program country before you depart. These can vary from year to year, so it is important to check current and expected conditions for your program abroad and pack accordingly.

A Note on Dress

Remember, while traveling with The Experiment, you are an ambassador for the program and should dress appropriately for the country you will be traveling to. You will want your clothes to be comfortable, compact, versatile, and quick to dry (since access to an electric dryer will likely be limited). You will not need more than one nice outfit, suitable for a religious ceremony or celebratory dinner. Shoes should be comfortable, broken in, and versatile—bring as few pairs as possible – 3 is more than enough. Layering is recommended for changing temperatures rather than bringing bulky sweaters and jackets.

Notes from our Team

PRESCRIPTION MEDICATIONS

Make sure to keep any prescription medications or vitamins in their original containers, and bring a sufficient amount for the entire duration of your program, plus extra in case of travel delays. Bring a paper copy of your prescription from your doctor in case you lose your medication. Travel with all essential medications in your carry-on luggage. If you are diabetic and traveling with syringes, bring a certificate or letter from your doctor.

RESCUE MEDICATIONS

If you use any rescue medications and or devices (i.e. medications intended for the immediate relief of serious symptoms like an EPI pen or albuterol inhaler) you must travel with **one or more backup supplies of this medication or device**. (e.g. A participant who uses an inhaler would travel with at least two inhalers, while a participant with a severe allergy might travel with several EPI pens.) Comparable therapies can be very difficult to obtain while traveling.

OTHER MEDICATIONS

While you will not need an entire pharmacy, do bring **the medication you normally use for minor ailments like body aches, upset stomach, bug bites, common cold, seasonal allergies etc.** A travel first aid kit from your local pharmacy is recommended. All medications should be in original packaging with the package insert, if possible, to avoid seizure at customs.

TOILETRIES AND SANITARY ITEMS

Please bring the toiletries and sanitary items you are accustomed to using. It is recommended to bring enough feminine hygiene products for the duration of the program. It is often difficult to find the items you are used to using while abroad.

CORRECTIVE LENSES

If you wear glasses or contact lenses, please bring extra pairs and extra contact cases, as these are often difficult to replace if lost. If you use contact solution to clean your lenses, bring plenty of the type you prefer as this can also be difficult to acquire abroad. Consider program itinerary and activities when choosing appropriate eyewear.

Please direct any questions or concerns to medicalteam@experiment.org.

VALUABLES AND ELECTRONICS

The Experiment is not responsible for any items lost, misplaced or stolen. It would be best to not bring large electronics, laptops, iPads, tablets, hairdryers, or other items that you would consider expensive to replace. If you choose to bring small electronics (your digital camera or cell phone) remember to bring your own adaptor, batteries, and a voltage converter (which can be obtained from a travel store or pharmacy. More info about electricity, voltage, and adapters can be found here: <https://www.worldstandards.eu/electricity/>).

GIFTS

While not required, it is nice to be prepared with a gift to offer your homestay family in gratitude for their hospitality and to share a part of your culture with them. Gifts do not need to be expensive or elaborate. We suggest one or two gifts that the whole family can enjoy; you do not need a gift for each member. Try to choose gifts that represent you or the part of the country and/or community you live in. Think about what your city, state, or local artisans produce (for example, a Vermonter could bring a small bottle of maple syrup). Postcard books and other souvenir items from your hometown are good options. Draw upon your personal interests or hobbies for ideas.

CLOTHING RECOMMENDED

- 1 lightweight sweater/sweatshirt/thin fleece—for evenings
- 1 light rain jacket
- 4–5 t-shirts/button-down shirts
- 1–2 pairs of lightweight pants
- 2–3 pairs of shorts
- 1–2 summer dresses/skirts or an extra pair or two of shorts
- 1 set of sleeping clothes
- 7 pairs of underwear
- 7 pairs of socks
- 1 swimsuit
- 1 pair of comfortable, broken-in running/sport shoes for long-distance walking
- 1 pair of sandals—for walking around (Chacos, Tevas, etc., are great!)
- 1 nice outfit and pair of shoes for special occasions

GEAR RECOMMENDED

- Reusable and durable water bottle (1 liter) —REQUIRED
- 1 set of toiletries—should be smaller than your head!
- 1 small beach towel—microfiber/quick-dry towels are great!
- Sunglasses and hat with a brim
- Money belt
- Travel watch with alarm
- Small notebook and pens
- Spanish-English dictionary
- Small flashlight/headlamp with extra batteries
- Camera, charger, and adapters or extra batteries
- Hand sanitizer
- Insect repellent
- Sunscreen and lip protection (SPF 30)
- Small travel personal first aid kit
- Travel size detergent, biodegradable if available – Laundry pods or bar laundry soap are great options
- Plastic bags—small Ziplocs and a few large garbage-size bags (great for wet/dirty clothes and keeping clean clothes dry while traveling)
- Small backpack for day trips—can be your school backpack

- School ID, driver's license, or ID showing your date of birth (a document showing your date of birth can get you discounts in some places, including museums, so you are encouraged to bring an ID to take advantage of these reduced prices)
- Gift for your host family

IMPORTANT TRAVEL DOCUMENTS

- Passport, or residency card (if applicable)
- 2 photocopies of your passport stored separately from your actual passport
- Photocopy of visa (if applicable)
- COVID-19 vaccination card (digital and print)

TO PREVENT THE CONTRACTION AND SPREAD OF COVID-19 STUDENTS SHOULD COME PREPARED WITH:

- At least 3 reusable masks (at least double layered) or 28 single use disposable (at least double layered) and gloves for personal protection - REQUIRED
- Hand sanitizer that contains at least 60% alcohol for use when soap and water is not readily available
- Anti-bacterial wipes or solution to wipe down high-touch surfaces, especially while traveling

OPTIONAL ITEMS RECOMMENDED

- Journal and pen
- Mailing addresses for friends and family to send postcards
- Printed photos of family or friends
- A small game of cards (Uno, Bananagrams)

Where to start: A great place to visit for these types of travel clothes and gear is an outdoors store such as REI and EMS. These places will have waterproof, light weight, quick drying and versatile clothing options specifically made for travel and backpacking. They can also talk you through layering techniques and give you gear recommendations. These stores tend to be a little pricey so don't forget to check for second-hand outdoor gear stores locally as well!
