

The Experiment Digital

Short Answer Questions

1. In your own words, what is The Experiment Digital? Why do you want to participate in The Experiment Digital? What is one thing you want to gain or achieve by the end of the program?
2. Since The Experiment Digital is entirely online, it would require a significant amount of motivation and dedication to complete. We estimate it will take you 4 hours each week, for 6 to 8 weeks. What are specific things you will do this summer to make sure that you can complete all the required activities?
3. Leadership can be demonstrated in many ways. In your opinion, what is leadership? Describe a time in your life when you have demonstrated leadership in your school, work, community, or within your family responsibilities.
4. Have you ever traveled outside your current country of residence? If yes, what countries did you travel to?
5. In a 1-minute maximum audio recording, tell us about a time when you learned something from someone who was different than you. How did you meet the person? What did you learn? Please upload your recording to a cloud-based software (such as Google Drive, SoundCloud, or YouTube) and enter the link into your application.
6. **OPTIONAL:** Some students have a background, identity, interest, or talent that is so meaningful they believe their application would be incomplete without it. If this sounds like you, then please share your story.

**Authentic Connection.
Real Impact.**

Fuel your future with high school
intercultural exchange.
